

# Groundwork Equipment Range

Safety tested & extremely durable

We were asked by one of Britains leading Contractors to develop this product as the equipment they were purchasing at that time was just not lasting or cost effective. So we have designed this range of products to solve that problem for all Contractors carrying out groundworks. Electrical Insulation Tested to BS EN 60900 they are safe, tough and long lasting

## Shove Holers

Digging head manufactured from 3mm Stainless Steel plate welded to thick wall steel tube with sleeved and heavy duty pivot pin which eliminates twisting action with Heavy Duty Steel tube socket for Pulwound Fibre Glass handles for extreme strength. Handles are through pinned to socket and pins welded in place.

*Electrical Insulation Tested to BS EN 60900*

Part No. SSSH-IN

1.8m

## Rabbiting Spades (Grafters)

Made in the same way as our Shove Holers from the same Heavy Duty materials with a single head and choice of 3 handle lengths to suit your application.

*Electrical Insulation Tested to BS EN 60900*

Part No. RAB1

Up to 1.5m

Part No. RAB2

2.0m

Part No. RAB3

2.5m

## Stainless Pick Tool

35mm diameter solid Stainless Steel with machined Chisel Head. Head is pinned to Heavy Duty Fibre Glass Shaft with Rubber Grip to Handle end.

Choice of Chisel Tip or Point Tip

*Electrical Insulation Tested to BS EN 60900*

Part No. SSP-IN
